

My Life

Exploited

Let me live my life my way Living it from day to day I'll do the things that I want to do It's up to me not up to you
GO AWAY GO AWAY LEAVE ME ALONE I JUST WANT TO LIVE A LIFE OF MY OWN I DON'T WANT TO BE NOBODY'S CLONE
Don't try to tell me what to wear How to dress or have my hair I'll never listen to what you say I'll never sell out there is no way You say it's only a passing phase The craze for teenage nowadays It may only be a fashion to some But we'll be here for years to come Sex and drinks and lots of drugs Passes the time when you're on the dole There's nowt to do so you start your own band And tour this god forsaken land
