

## Rapist

## Exploited

the rapist is back again in town  
got those demons dead  
you just don't show that film boy  
why not sell the stage

in spite of you not going there  
strangled like the rest  
like in that new dirty stuff  
murderers never had

in spiked nails and rubber gloves  
burned them to the ground  
he's seen the virgins images  
we gotta get the last sound

we haven't seen no woman yet  
you ask for me in bed  
soldier boy i'll burn the ship  
something for your friend
