

Violent Society

Exploited

Left, right, left, right, go get abused
The evidence of violence is always news

Violent Society
Violence is my life
Violent Society
Violence is my life

The violence is real, the violence goes on
The killer vendetta, what went wrong

Violent Society
Violence is my life
Violent Society
Violence is my life

Destruction begins every fucking day
Destruction I give a violent way

Violent Society
Violence is my life
Violent Society
Violence is my life

Left, right, left, right, go get abused
The evidence of violence is always news
