

# Love Is Our Destiny

## Exposé

Listen to my heart beat  
Getting stronger every time you're near  
Feel the passion when our lips meet  
Then my feeling should be very clear  
Fate will take control of your body and soul  
It'll never let you go  
Don't you know the feelings are real that I show?  
I'll never let you go  
Love is our destiny  
I was meant for you and you were meant for me  
Love, love is our destiny  
Hold me in your arms and never set me free, love  
I hear them say some things were meant to be  
And some things should be left behind  
Hold me tight, hold me every night  
I'll be yours until the end of time  
Fate will take control of your heart and your soul  
It'll never let you go  
Don't you know the feelings are real that you show?  
I'll never let you go  
Love is our destiny  
I was meant for you and you were meant for me  
Love, love is our destiny  
Hold me in your arms and never set me free  
When you came into my life  
I fell in love from the very start  
We both knew, we could never hide  
This love we feel that burns inside  
Love is our destiny  
I was meant for you and you were meant for me  
Love, love is our destiny  
Hold me in your arms and never set me free, love  
Love will always be our destiny  
Love will always be our destiny  
Love, love is our destiny
