

Love Is Our Destiny

Exposé

Listen to my heart beat
Getting stronger every time you're near
Feel the passion when our lips meet
Then my feeling should be very clear
Fate will take control of your body and soul
It'll never let you go
Don't you know the feelings are real that I show?
I'll never let you go
Love is our destiny
I was meant for you and you were meant for me
Love, love is our destiny
Hold me in your arms and never set me free, love
I hear them say some things were meant to be
And some things should be left behind
Hold me tight, hold me every night
I'll be yours until the end of time
Fate will take control of your heart and your soul
It'll never let you go
Don't you know the feelings are real that you show?
I'll never let you go
Love is our destiny
I was meant for you and you were meant for me
Love, love is our destiny
Hold me in your arms and never set me free
When you came into my life
I fell in love from the very start
We both knew, we could never hide
This love we feel that burns inside
Love is our destiny
I was meant for you and you were meant for me
Love, love is our destiny
Hold me in your arms and never set me free, love
Love will always be our destiny
Love will always be our destiny
Love, love is our destiny
