

You're the One I Need

Exposé

You're the one I need
The one for me
You're the one I need
You're the one I need
The one for me
You're the one I need
You're the one
All the people say to please beware
There's a thing called love and it's everywhere
The way I feel, it must be love
The way I feel now that you know
That we're together after all
We're on our way
From dark to day, we're on our way
So, let the feelings take the blame
No matter what the people say
You're the one I need
The one for me
You're the one I need
You're the one I need
You're the one I need
The one for me
You're the one I need
You're the one for me
You're the one
You're the love I feel
And I lose my will
I can feel the heat
When you're close to me
The way I feel
I know it's real, the way I feel
Regardless, there is still a chance
We'd take a fall
We're on our way
It's up to fate, we're on our way
And now, the feelings are the same
And though love is just a name
You're the one I need
The one for me
You're the one I need
You're the one I need
You're the one I need
The one for me
You're the one I need
You're the one I need
You're the one
Let's get on with it, baby
What you can't deny
Let's not take any chances
I want you by my side
You're the one I need
The one for me
You're the one I need
You're the one I need
You're the one I need
The one for me
You're the one I need

You're the one for me
You're the one that I need
You're the one that I need
You're the one that I need
You're the one that I need
You're the one that I need
