## **Grace For Succession**

Man - born with the nature of evil All inherited the sin from Adam No man escaped The commandments - the law No one were able to fulfil No man was pure Everyone's share was death All was dark - hopelessness ruled

Light intervened Annihilating darkness The path of salvation made clear For the prodigal human race

Given to mankind For all to receive The sacrifice of life For all to believe

This unnatural act of love A model for succession The act of forgiveness A supernatural force Extol
