

Downside

Extreme Noise Terror

An empty world.
Buried deep in misery.
Confined for life.
Never see what lies.
Beyond downside.
There's no way out.
You built the walls too high.
You have no plans, no purpose-
You're sentenced for life.
And you're conditioned to live.
In this concret tomb.
You scream alone.
Imprisoned in this poison vacuum.
Downside.
You have no insion just bricks before your eyes.
You'll never see what lies beyond the downside.
