

# Leave Me Alone

Extreme

As for this song  
I'll set the mood  
There's nothing wrong  
Prefer solitude  
Alone to think  
Of what i don't know  
The deeper i sink  
The further i'll go

Nothing to fear  
No need to hide  
I'm already there  
Came in from outside  
Safe in my nest  
Home sweet home  
No invited guests  
I want to be alone

Leave me alone  
Leave me alone  
I wish you would  
Leave me alone  
Leave me alone  
I just want to be alone

It's better this way  
No one will get hurt  
If you stay away  
I won't lose my shirt  
If i have become  
Too defensive  
I'm not the one  
You have to live with

I want to be, i want to be  
I want to be, alone

Don't feel sorry  
It's not your concern  
Only the lonely  
Are the ones who get burned  
Safe in my nest  
Home sweet home  
No invited guests  
I want to be alone
