

Peace (Saudade)

Extreme

Heavy is the burden
That brings you
To your knees
Lost in the confusion
Of life's uncertainties
Feel you're suffocating
With every breath you take
Moment left remaining
Time for you to pray
Time for you to pray

Pray for peace
Pray for peace
Pray for peace
Pray for peace

Whirl wind
She's a-turning
The river's
On the rise
Suddenly surrounded
In the middle
Middle of her eye
Light precedes
The thunder trembles
Trembles and it shakes
The ground your feet
Are under
Time for you to pray
Time for you to pray

Pray for peace
Pray for peace
Pray for peace
Pray for peace
