

Song for Love

Extreme

I lie awake with open eyes
My love just died
I'm cold inside
Can't face the thought to be alone
All by myself on my own
Love's come and gone

I look around and see
The hearts that still are broken
I can't believe all of our hearts remain unopened
We can't go on and on
With that same old song
So wipe off the frown
And turn around and face each other
Come on, come on
Let's sing a song

A song for you, a song for me, a song for love

All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love

You let the time pass by
Big boys don't cry
Believe that lie
A broken heart that never mends
Is this the end
Listen my friend

These walls of hate
That separate on from the other
Time to rebuild bridges of love
One to another
Come on, come on
Let's sing a song

A song for you, a song for me, a song for love

All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love
