

## Song for Love

Extreme

I lie awake with open eyes  
My love just died  
I'm cold inside  
Can't face the thought to be alone  
All by myself on my own  
Love's come and gone

I look around and see  
The hearts that still are broken  
I can't believe all of our hearts remain unopened  
We can't go on and on  
With that same old song  
So wipe off the frown  
And turn around and face each other  
Come on, come on  
Let's sing a song

A song for you, a song for me, a song for love

All for one and one for all together  
Singing a song for love  
You and I are none without the other  
Singing a song for love

You let the time pass by  
Big boys don't cry  
Believe that lie  
A broken heart that never mends  
Is this the end  
Listen my friend

These walls of hate  
That separate on from the other  
Time to rebuild bridges of love  
One to another  
Come on, come on  
Let's sing a song

A song for you, a song for me, a song for love

All for one and one for all together  
Singing a song for love  
You and I are none without the other  
Singing a song for love
