

# Silent Death

Exumer

Come near, I will be your master  
Takes a while, then you will see disaster, right

Down in this hell I know you  
I see, I feel I have got you now

COME AND GIVE ME YOUR HAND  
AND I WILL INTRODUCE YOU TO THE DEATH - NOW  
COME AND GIVE ME YOUR HAND  
AND I WILL INTRODUCE YOU TO THE DEATH - RIGHT NOW!

Can't you hear the nation on its knees  
Begging for mercy, asking you please

After the horror you won't exist  
A bitter cold feeling about this  
Nuclear warfare, the first strike  
Nuclear Armageddon, never seen something like  
Scary the winds, the winds of hate  
Dead and naked bodies, that is their fate

Welcome, welcome, welcome to the silent... DEATH!
