

# Beg, Borrow and Steel

Exxplorer

We were hungry in the worst of times  
Yet they knew what they could do  
Content with excellence, but they knew to take to heart  
Running low and getting lost

You've got to cry before you can speak  
I long for this train to crash  
Is it time to pull it apart  
How long will this vision last

Beg, borrow and steel  
How much pain is there to feel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel

We were strong, we follow this code  
But not for long, our music is gold  
We're in over our knees, we beg through the night  
Won't slave to command, won't give up the fight

You've got to cry before you can speak  
I long for this train to crash  
Is it time to pull it apart  
How long will this vision last

Beg, borrow and steel  
How much pain is there to feel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel

We were hungry in the worst of time  
Yet they knew what they could do  
Content with excellence, but they knew to take to heart  
Running low and getting lost

You've got to cry before you can speak  
How long for this train to crash  
Is it time to pull it apart  
How long will the vision last

Beg, borrow and steel  
How much pain is there to feel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel  
Beg, borrow and steel

On your knees  
On your knees  
On your knees

Beg, borrow and steel
