

# Gotta Have Rain

Gorme, Eydie

If you didn't have rain  
Then you couldn't have flowers  
You couldn't have flowers  
If you didn't have showers  
Nowhere to swim  
There'd be no babbling brook  
There'd be no fish to catch  
On the end of a hook

You couldn't wash your hands and face  
You'd be as black as coal  
All day you'd face the barren waste  
Looking for a water hose  
So you gotta have rain  
Every now and then  
To make the whole world shine  
Then every day will turn out fine

Okay kids, let's see now  
Oh, if you didn't have rain  
You wouldn't have (ice cream!)  
If you didn't have rain  
You wouldn't have (a bat!)  
If you didn't have rain  
Then you couldn't have (fishes!)  
And you couldn't have (a swim!)  
If you didn't have rain

You'd be so awfully dirty  
You'd be as black as ink  
All day you'd face the barren waste  
Looking for a nice cool drink  
So you gotta have rain  
Every now and then  
To make the whole world shine  
Then every day will turn out fine

Let's really hear it this time!  
If you didn't have rain  
Then you couldn't have flowers  
You couldn't have flowers  
If you didn't have showers  
Nowhere to swim  
There'd be no babbling brook  
There'd be no fish to catch  
On the end of a hook

You couldn't wash your hands and face  
You'd be as black as ink  
All day you'd face the barren waste  
Looking for a nice cool drink  
So you gotta have rain  
Every now and then  
To make the whole world shine  
Then every day will turn out fine!
