

# The Voice In My Heart

Gorme, Eydie

The voice in my heart  
Says I haven't a chance with you  
(Can't you see, you're wasting your time)

The voice in my heart  
Says there'll be no romance with you  
(You're naive, it's really a crime)

Each time that we kiss  
I hear my heart say three words  
(Can't you see, he's just having fun)

I hear it insist  
That you're not the kind to play fair  
(You will cry before he's done)

The voice in my heart  
Says that I should resist your charms  
(Get away before it's too late)

It warns me of danger  
Each time that I'm in your arms  
(You'll be hurt, why must you tempt fate)

Oh, what can I do  
This thrill is so new and I'm not smart  
My love for you drowns out the voice in my heart

Oh what can I do  
This thrill is so new and I'm not smart  
My love for you drowns out the voice in my heart  
(You're a fool)  
I don't care  
(You're a fool)  
I don't care  
I'm in love
