

Angels and demons

Eye Empire

You see me suffer.
I'm being pulled under.
These waves wash over.
These streets I wander, all alone.

Can you be my angel?
Demons want my soul.
Be my angel.
Come save my life, my soul.

You see me stumble.
I fall right over.
My last disaster.
The end comes faster, all alone.

Can you be my angel?
Demons want my soul.
Be my angel.
Come save my life, my soul.

Don't let them take my soul!

Can you be my angel?
Demons want my soul.
Be my angel.
Come save my life, my soul.

Don't let them take my soul.
Don't let them take my soul.
Don't let them take my soul.
Don't let them take my soul.
