

# Eyes Of Madnes

Eyefear

The perfect forgiveness  
The words I long for  
I will not fade away  
Knowing reality turns to tragedy

Blinding, haunting  
Beyond the realm of darkness  
Blinding, dawning  
Before my eyes

Binding with magic  
Following the path of your destiny  
Staring at the eyes of madness  
Will relinquish your soul

Blinding, haunting  
Beyond the realm of darkness  
Blinding, dawning  
Before my eyes

The land suffers with evil  
Their souls will never leave  
The land suffers with evil

The world is turning  
The stars are aligning  
Gods are worshipped  
Transformed over time  
The glory days  
The sanctum tells of another god

Blinding, hauntin  
Beyond the realm of darkness  
Blinding, dawning  
Before my eyes

The land suffers with countless souls  
The land suffers with evil  
Their souls will never leave.
