

## Pigs

**Eyhategod**

When I'm with you I'm falling  
Peace is a word of the sea and the wind  
Peace is a word of a day without end

Searching for a new dawn  
I dwell in the unrest  
Violence breeds peace

Through chemicals and meditation  
I find my self  
Denying society and the laws of undoing  
Our temple of denial

Perversion is insanity  
Lust for rape, a reality

Body scarred  
Head fucked up  
Don't get involved  
Sado-necro-homo-bestiality
