Give You My All

Eyes Set to Kill

Glass hailed from the sky that night
I couldn't hide to save my life
Standing drenched in open wounds
You took my hand and pulled me through

I want to give you everything I'll give you my all
Because you gave me, you gave me your lips a gentle kiss
The medicine to cure my pain

Listen to all of this glass shatter
It pierced my eyes and made them bleed
Now it sounds so beautiful,
cause your beautiful your beautiful

I want to give you everything I'll give you my all
Because you gave me, you gave me your lips a gentle kiss
The medicine to cure my pain

I want to give you everything I'll give you my all
Because you gave me, you gave me your lips a gentle kiss
The medicine to cure my pain
