

# Nothing Left to Say

## Eyes Set to Kill

There's nothing left to say  
Nothing that I can change  
I threw my life away  
I threw it all away  
For nothing  
No one to blame  
There's nothing left to say  
There's nothing

These voices won't keep quiet  
These voices won't shut up  
I'm so, sick and tired of trying  
And always feeling like it's never enough  
Never enough  
I wasted time, convincing myself  
to think my path will soon unfold  
Why don't you feel the pain that I feel  
I'll shut my eyes and let my thoughts  
bury me until blood runs cold

I've fallen behind, but I still follow  
I threw it all away  
I follow the light until I'm hollow  
I threw it all away  
There's nothing you can say to change this

This broken smile will not fade  
My mind keeps racing and I'm miles away  
These eyes (2x)  
These eyes they shake of fear  
They fear (2x)  
They fear the end is (near)

My heart is empty  
My fate is yours

The world keeps spinning  
I'm way out of tune

Remember the boy who said  
He'd never stop running!!  
Keep on running  
Keep on running Young one  
Keep on running  
Keep on running  
Young one!  
These eyes the shake of fear  
(Shake of fear)  
They fear the end is near  
(The end is near)  
They shake of fear  
The end is near  
The end is always near  
OH!
