

## Surface

### Eyes Set to Kill

I hide beneath the surface  
Can't let you see the truth  
Wear these false eyes to fool you  
This pain's nothing new

Have I lost my mind (Under the surface) (2x)  
Or have I found my way out

As everything falls away  
I'm finally waking up  
Been waiting for a change  
I've been lost for long enough  
I've wasted so much time  
I'm done  
Been waiting for a change  
I've been lost for long enough

Feels like I'm close to breaking  
These chains imprison me  
Locked up, locked up  
I can barely breathe

Have I lost my mind (Under the surface) (2x)  
Or have I found my way out

As everything falls away  
I'm finally waking up  
Been waiting for a change  
I've been lost for long enough  
I've wasted so much time  
I'm done  
Been waiting for a change  
I've been lost for long enough

Under the surface (4x)

As everything falls away  
I'm finally waking up  
Been waiting for a change  
To lift me up

As everything falls away  
I'm finally waking up  
Been waiting for a change  
I've been lost for long enough  
I've wasted so much time  
I'm done  
Been waiting for a change  
I've been lost for long enough
