

# The Secrets Between

## Eyes Set to Kill

Come down tonight  
Make me feel alright  
Hold me in your arms  
Promise to never let go  
the words you hide  
They stay inside alive  
Come down, come down  
Come down to me tonight

I've come to find  
You will never be mine  
Let's keep the secrets between us  
You and me  
Rest your tired eyes  
Tomorrow's a surprise  
Let's keep the secrets between us  
You and me

It's getting harder to hold my breath  
Keep it in my chest  
I'm sinking under the pressure  
I wish that I could just take it back  
Let the tide pass  
But now I'm stuck under pressure

Although you'll never be mine  
Your secret's safe with me  
I'll take this to my grave  
Until my body rots away

This heavy heart  
Has weighed me down to my bare bones  
The voices scream  
But I refuse to hear a thing

I've come to find  
You will never be mine  
Let's keep the secrets between us  
You and me  
Rest your tired eyes  
Tomorrow's a surprise  
Let's keep the secrets between us  
You and me

It's getting harder to hold my breath  
Keep it in my chest  
I'm sinking under the pressure  
I wish that I could just take it back  
Let the tide pass  
But now I'm stuck under pressure

Although you'll never be mine  
Your secrets safe with me

I've come to find  
You will never be mine  
Let's keep the secrets between you and I

I've come to find  
You will never be mine  
Lets keep the secrets between you and I

I've come to find

Lets keep the secrets between you and I
