

The Secrets Between

Eyes Set to Kill

Come down tonight
Make me feel alright
Hold me in your arms
Promise to never let go
the words you hide
They stay inside alive
Come down, come down
Come down to me tonight

I've come to find
You will never be mine
Let's keep the secrets between us
You and me
Rest your tired eyes
Tomorrow's a surprise
Let's keep the secrets between us
You and me

It's getting harder to hold my breath
Keep it in my chest
I'm sinking under the pressure
I wish that I could just take it back
Let the tide pass
But now I'm stuck under pressure

Although you'll never be mine
Your secret's safe with me
I'll take this to my grave
Until my body rots away

This heavy heart
Has weighed me down to my bare bones
The voices scream
But I refuse to hear a thing

I've come to find
You will never be mine
Let's keep the secrets between us
You and me
Rest your tired eyes
Tomorrow's a surprise
Let's keep the secrets between us
You and me

It's getting harder to hold my breath
Keep it in my chest
I'm sinking under the pressure
I wish that I could just take it back
Let the tide pass
But now I'm stuck under pressure

Although you'll never be mine
Your secrets safe with me

I've come to find
You will never be mine
Let's keep the secrets between you and I

I've come to find
You will never be mine
Lets keep the secrets between you and I

I've come to find
You will never be mine
Lets keep the secrets between you and I
I've come to find
You will never be mine
Lets keep the secrets between you and I

It's getting harder to hold my breath
Keep it in my chest
I'm sinking under the pressure
I wish that I could just take it back
Let the tide pass
But now I'm stuck under pressure

Although you'll never be mine
Your secrets safe with me
I'm sinking under the pressure
Although you'll never be mine
Your secrets, your secrets out
Your secrets, your secrets out
Your secrets out
