f.k.ü.

Anger driven, possessed to kill  
To eliminate, his perverted thrill  
Hooded sadist with homicidal desires  
Hate as fuel, gas on the fire

Madman, predator, lurking lovers lane  
Bringer of punishment, afflicting pain  
Killer on the loose with sadistic intent  
The pure fear, he can smell their scent

They must die by his hand  
'Cause he's in command  
Triggered by the moon, their lives he'll take  
No way to escape

Phantom phantom phantom - Killer attack  
Run for your life or you will have to put up a fight  
Phantom, prepare for the phantom - Killer attack  
He will not stop 'til you're dead in the dead of the night

He will teach them to cherish their suffering  
Bite, chew, rip, master of butchering  
Humiliate, eradicate, no one will be saved  
Obliterate, send them to an early grave
