

Burn Her

F.O.B.

In a circle of fire, in dark endless night
Standing person of desire, holding astral sign
Astral sign of evil, neverending misery
Try to hold the power, of magical history

Burn her at the stake she will be lost in fire, fire
It is not a fake at the fact she was liar, liar

History, was made by her
When she was, walking on this world,

History, bring us death
When she was, walking on this world,
