

Dark Shadows

F.O.B.

I'm looking through the window
Through the window of my mind
And i see black clouds
No sun, no light

Only a eternal fight
Between love and my dark side
I don't cry, but i shout
They're dark shadows - my mind

REF: Sorrow, suicide, silence, I am digging my grave

I'm looking through the window
It seems like a stupid story
Why my soul isn't innocent
Something call me - „don't worry“

But it isn't fucking glory
I don't know why i'm still alive
I am cutting my coffin
They're dark shadows - my mind

Ref: Sorrow, suicide, silence, I am digging my grav
