

Grave In The Sand

F.O.B.

Do not let him go out of here
On the desert there is a storm
You are the last man who is alive
But you must make one reform
...or you will die!!!

Kill him and give him into the grave
There is ever the end
Do you know what is when i say
Grave in the sand
...grave in the sand

grave in the sand
.....who is lying under
I promise you everything
Everything i can
You will lie in the oasis
There is digging grave a man
...and you will die
