

Just Falls

F.O.B.

no one knows the place,
where I want to be.
place where's no light,
and no one can see
feeling guilty,
hanging myself.
destroying every mirror,
doesn't help.
no rises, just falls.
standing on knees,
is the best height.
see just assess,
where your life tends.
tends.
your life tends.
no rises, just falls.
nobody knows, how I feel
nobody knows, who I am
nobody never, wants to know.
no rises, just falls.
