

Suffocated Soldiers

F.O.B.

Suffocated soldiers, falling to the ground
Rage against the warlords, lost life can be found
Lost life of the millions, lost life oyu have paid
General is very happy, first world war is great

Your child, and it's mother
are hoping you are not burnt
inside of the gassline
know there is no return

They are running through the killing fields
thinking about life
Join the army you will see
nobody stay alive

Soldiers in the attack, are crossing flying lead
After this bad battle, is waiting glorious death
Platoon under assault, germans fighting mad
Gass is waiting for you, gass means painly death

Your child, and it's mother
are hoping you are not burnt
inside of the gassline
know there is no return
