

The Judge

F.O.B.

it's so easy to light off a candle
so easy I'm reading lives
lives of innocent people
who I don't know
I don't care about they
playing for judge
hospital bed
once it was full of life
just hardly alive today
all around believe
but you don't know
what do you want
end or fight - stay or die
why to be alive
if you can die in peace
without pain
knowledge
know more and don't fall asleep
if you could know more
