

The Obligation

F.O.B.

years of degradation,
taught you
what you have to feel.
anger, shame, hate,
disgrace rising inside you.
equality is the obligation,
this is the obligation that I
feel!
thanks to fortune,
everything ends. Ends!
tons of heroes dancing,
of enemies faces.
gray smudge puddles.
equality is the obligation,
this is the obligation that I feel!
I feel! obligation!
I feel! obligation!
gave you great,
satisfaction,
honest, any rumour
you are snow-white.
ready for
execution,
just because
obligation.
obligation!
lot of reasons
to refuse - not for you...
equality is the obligation
and that's why you fall.
equality is the obligation,
this is the obligation that I feel
