

Timeseller

F.O.B.

I am the dark wizard, all the time belongs to me
I am might despair, every man afraids to say
That I am the warlord, no one is still allowed to see
My own body, just one, he wanted to pray!!
Look at me I am a mage
I can change your high age
Time to smile, time to cry
Wait a while, time to die

REF: Time, what is time for me
Time, that is what I want to see
Time, that is waht I want to sell to you!!!
Cause I am time seller.

Take your drugs, make your own dream
Call your friends, make new team
What it ends, do not you cry
Death is nice, all must die
Flamy heart like a storm
From the land I was born
Thunderstorm of my will
this is wound I can not heal.
