Unpleasant Find

F.O.B.

You took my life, into your fantasy.
Abused my mind, that is reality.
She looks so innocent, she is so nice.
Do not be so stupid, do not pay the price.

REF: Selling my illusions
Selling my dreams
Just the confusion,
What can you say me?

Tell me the lie, tell me the true.
You wanna die, but just what to do.
Sing me your song, about your black life.
Do not promise me anything.
And silence breaks knife.

REF: ....

Get me through hell, show me the heaven.
I am just one man, who thinks about devil.
Sing me your song, about your black life.
Do not promise me anything.
And silence breaks knife.
