

## Music

F.R. David

Music you're making me blue  
While I'm alone without you  
Fill my heart and fill my soul with tenderness  
Music fill my loneliness

Music is still all around  
It's time for changing all the sounds  
How about your inspiration  
will never end  
Seasons all at your command

When spring is near the end I hear reliefs of summer  
Autumn brings rhythm of the rain  
Then it's hazy shade of winter

Music I love you so true  
I'm just crazy about you  
Without you I'll feel so sad  
And full of pain music please come back again

When spring is near the end I hear reliefs of summer  
Autumn brings rhythm of the rain  
Then it's hazy shade of winter
