

## Set It Off

Faber Drive

Burned out like a cigarette, been living like I'm dead  
Going through the motions and I can't escape  
I just need some room to breathe, gotta keep my sanity  
Anybody out there ever feel the same  
We just gotta get this started

Let's set it off we're coming back to life  
Nobody's gonna hit the breaks tonight  
Let's party like we're running out of time  
We're gonna set it off, set it off  
Start living like you've never been afraid  
Don't wanna let this moment go to waste  
Let's do it cause we've only got today  
We're gonna set it off, set it off  
(Woah-oh...)

You've been running out of luck, the pressures way too much  
Bottled up inside and you're about to break  
Sometimes you've gotta let it go, give it up and lose control  
You know you're not the only one who feels this way  
We just gotta get this started

Let's set it off we're coming back to life  
Nobody's gonna hit the breaks tonight  
Let's party like we're running out of time  
We're gonna set it off, set it off  
Start living like you've never been afraid  
Don't wanna let this moment go to waste  
Let's do it cause we've only got today  
We're gonna set it off, set it off  
S-s-s-set it off

This is our moment  
Yeah we're in this together  
We're gonna take it and own it  
We'll make this night last forever

Let's set it off we're coming back to life  
Nobody's gonna hit the breaks tonight  
Let's party like we're running out of time  
We're gonna set it off, set it off  
Start living like you've never been afraid
