

# Sleepless Nights (Never Let Her Go)

Faber Drive

Another sleepless night  
I'm still starin' at the ceiling  
I can hear him fighting  
With her for no good reason  
Will this ever end?  
Will this house be a home again?

If I had my way  
I'd corner him and say  
Put yourself in her position  
All she needs is recognition  
Love's not enough when you say it  
Don't you know you've gotta mean it  
Screwing up the best thing ever  
Is something you'll regret forever

Another day goes by and nothing changed  
He's still the same  
I can hear her cryin  
Thinking she's the one to blame  
Will this ever end?  
Will this house be a home again?

If I had my way  
I'd corner him and say  
Put yourself in her position  
All she needs is recognition  
Loves not enough when you say it  
Don't you know you gotta mean it?  
Screwing up the best thing ever  
Is something you'll regret forever  
Take her and make sure she feels it  
Let her know you'll never let her go

Screwing up the best thing ever  
Is something you'll regret forever  
Another sleepless night and nothing changed  
He's still the same  
Another stupid fight and someone's gotta say

Put yourself in her position  
All she needs is recognition  
Loves not enough when you say it  
Don't you know you gotta mean it?  
Screwing up the best thing ever  
Is something you'll regret forever  
Take her and make sure she feels it  
Let her know you'll never let her go  
Never let her go  
No, no, no

Put yourself in her position  
All she needs is recognition  
Take her and make sure she feels it  
Let her know you'll never let her go
