

# I Don't Mind and You Don't Matter

Face to Face

Enough, how much is enough?  
Tired of keeping up  
Tired of treading water all the time

I'm done, but I won't be the one  
Who tries to get ahead  
Standing on the backs of other men

It may sound simple-minded, I don't care  
It's never really been about what they think anyway

I'm still here and I'm okay  
Doesn't matter anyway  
Guess I should be sorry, I'm not  
You would be the last thing on my mind

I'm fine, and I don't really mind  
I barely have the time  
But I'll admit I don't care anyway

I know it's probably getting old  
To hear the reasons why  
The world is ending every other day

It may sound simple-minded, I don't care  
It's never really been about what they think anyway

I'm still here and I'm okay  
Doesn't matter anyway  
Guess I should be sorry, I'm not  
You would be the last thing on my mind

But I get closer all the time  
I've come full circle and I'm almost where I started from  
In spite of all that I have done  
Never going back  
Never going back  
Gonna turn myself around and

I'm still here and I'm okay  
Doesn't matter anyway  
Guess I should be sorry, I'm not  
You would be the last thing on my mind
