

Paper Tigers With Teeth

Face to Face

With a push and shove that's how it's done
Believe it
Better yet from the barrel of a gun
If needed

We can't be everything
To everyone it seems like
This paper tiger's showing teeth
Hey - don't believe the tear and lies
Hey - don't be fooled by your own eyes
They - believe the devil's on our side
Hey - don't ignore the rising tide

Incoherent rambling and hate
Believe it
Worlds apart and the hour's getting late
We're bleeding

We can't be everything
To everyone it seems like
This paper tiger's showing teeth

Hey - don't believe the tear and lies
Hey - don't be fooled by your own eyes
They - believe the devil's on our side
Hey - don't ignore the rising tide
