

Shoot The Moon

Face to Face

Back in '95 when this was new
I guess I didn't have a clue
I thought the world would change with the right song
So we picked it up and moved it out
And turned the whole thing upside down
I told myself it wouldn't be too long
And I believed in everyone
And everything they told me
And I believed that anything
Anything was possible

Shoot the moon
Shoot the moon
Shoot the moon

Hit or miss it makes no difference
Back when everything was looking up
I thought I'd never get enough
I didn't let the world obstruct my view
And we thought that it would never end
We had our fun in spite of it
And paved the way for something slightly new
