

# Should Anything Go Wrong

Face to Face

In case of emergency  
Break this glass  
And pray the alarm makes a sound  
The thought is killing me  
I'm here on my own  
your nowhere left to be found

I cant explain these memories away  
I'm not going to lie to you now, should anything go wrong  
There's little that I can do now, should anything go wrong  
Please take these things, and don't come try and find me

For your security  
Please try and stay calm  
Remember what we talked about  
I got a hole in me  
But I'm not afraid  
And neither should you be for now
