

festerling bodies  
back from the dead  
the line has been crossed  
plague has spread  
gathered to eat, they cut through your meat  
razorsharp teeth  
moving in for a bite  
consumed by the dead  
an unholy rite

rapturours slaughter, they eat you alive  
brutally butchered, there's no escape

bodies, crawling back from their tombs  
zombies, ripping the flesh from your bones

inhale your last breath  
the sun will die  
total annihilation  
blood sprays the sky  
gathered to eat, they cut through your meat  
razorsharp teeth  
moving in for a bite  
consumed by the dead  
an unholy rite

rapturours slaughter, they eat you alive  
brutally butchered, there's no escape

bodies, crawling back from their tombs  
zombies, ripping the flesh from your bones
