

## If I'm on the Late Side

Faces

If I'm late, darling, don't hesitate  
Just go without me and I'll see you there anyway  
If I miss you at the station  
I want you on that train

I don't want a sad sack  
'Cause I'll be there come what may  
Leave a message with the porter  
Or leave it at the gate  
Just let me know that you're aboard her  
Just a word to know that you're safe

I walk from Maryland to Silvertown  
I hoped to catch you in the street  
I must have missed you by a moment dear  
I tried the place we always meet

So if I'm late darling, don't hesitate  
Go on your own some  
And I'll catch you there anyway  
I might lose some time babe  
But if I do  
I'll make amends in an hour  
When I'm laying down beside you
