

Crying

Fact

I can't get through to you
I wanna keep you in my view
Why'd you try to break away?
Wish that I was still by your side (Side)
Finally I'm lost
Took my heart away so far
Why'd you break away?
Wish that you could see I'm not crying (Crying)

And out of all my words which were the poison ones?
All my thoughts, what made it go so wrong?
Tell me, I'm here for you
Tell tell me, I'm here for you
And out of all my words which were the poison ones?
All my thoughts, what made it go so wrong?
Tell me, I'm here for you
Tell tell me, I'm here for you

I can't get through to you
I wanna keep you in my view
Why'd you try to break away?
Wish that I was still by your side (Side)
Finally I'm lost
Took my heart away so far
Why'd you break away?
Wish that you could see I'm not crying (Crying)

No light can get in here
And I am all but lost

When I pass from this world to the next one and I'm gone
Here's a thing that I know will be true forever
So my body and my bones may not be here anymore
But I'll still hold a small piece of you deep within my soul

I can't get through to you
I wanna keep you in my view
Why'd you try to break away?
Wish that I was still by your side (Side)
Finally I'm lost
Took my heart away so far
Why'd you break away?
Wish that you could see I'm not crying (Crying)
