

Goodbye To Good Morning

Fact

I'm not waking you up right now
It's raining and the light's still low
I look at raindrops on a leaf
Tears fall down in red

I tried to stay with you so long
I don't know who you are now
When I dove out the window
It felt like I lost everything

Waiting for the light of day
You told me to choose a way
You tell me not to stop
God gives me one more chance

Raindrops fallen on my palm become the shape of things to come
In the end we all return right back to the soil
