

Under The Flag II

Fad Gadget

Young man, go out
And take what's yours, don't doubt
There's strength in numbers, walk on
Defend the meek, headstrong
Now the story's become a bore
I don't want to hear it anymore
It's by no means an immaculate conception
Too many bodies lying around
Pushing daisies out the ground
And the church is cashing in on resurrection
Well I tried so hard to please you
'Cos I know that you crave blood
Consumer credit carnivores
And now the masses have been fed
Suck the offal from the dead
Now the joker's here to pick the sores
Under the flag
Under the flag boy
Under what flag?
