

# Ten

Fade

I'd be coming home  
At the break of dawn  
As I'm looking up in the sky I know  
It made zero sense but  
All I could do was  
To find my way into the world

And the sun will rise  
The rain will stop  
With heart and mind in one place  
The break of light between the clouds  
I think I will be ok

Can you feel it?  
The time that we've been waiting for  
And can you see it?  
The day that we all started walking  
Can you feel it?  
I thank the stars above  
For just how far we've come along

Look back in the past  
Like it's yesterday  
Not all choices that I made were right I know  
Used to tell myself that  
Everything will fall  
Into place if we believe

And the sun will rise  
The rain will stop  
With heart and mind in one place  
The break of light between the clouds  
I know I will be ok

Can you feel it?  
The time that we've been waiting for  
And can you see it?  
The day that we all started walking  
Can you feel it?  
I thank the stars above  
For just how far we've come along

Can you feel it?  
The time that we've been waiting for  
And can you see it?  
The day that we all started breathing  
Can you feel it?  
I thank the stars above  
For just how far we'll walk from now
