

ZigZag Machinery

Faderhead

Ancient superstar and hometown boy
Everybody's friend, zigzag machinery
Risen from the ashes, born from the soil
Pure and simple heart, enjoy the scenery
Hero worship, all the eagle toys
Everybody hating zigzag machinery
Draw attention 'til the tensions void
Psychopathic heart, enjoy the scenery
Enjoy the scenery x4
Zigzag machinery x3
All inside your head
Public eye can let us bleed in light
Everybody's brother, zigzag machinery
Reaching stratospheres in solo flight
Hope it's in your reach, enjoy the scenery
Day is buzzing and the nerves are tight
Everybody's fall, zigzag machinery
Tension rising all the knuckles white
Schizophrenic heart, enjoy the scenery
Zigzag machinery x3
All inside your head
Zigzag machinery x3
All inside your head
Sometimes the world is in your hands
A world that's only wasteland
The clouds obscure the sun
Return to no one
Zigzag machinery x3
All inside your head
Zigzag machinery x3
All inside your head x3
