

Toast To The Fallen

Fades Away

Deep from the shadows
They watch and they wait
I can see eyes all around me
Waiting for just the right second to take
Take my life away

And I can't help but fear them
Terrified and defenseless
But it's too late to turn back now

Spamming your Guard*
They're here to erase me
How can I stand?
Outnumbered and bleeding
I don't have the slightest of chances without you
I can't win this fight on my own

Quicken the pace
As the footsteps draw near
Caught in this state of confusion
Wishing that all this would just disappear
I run to you

I can feel my arms burning
All the tables are turning
But I won't surrender, I won't back down

Spamming your Guard*
They're here to erase me
How can I stand?
Outnumbered and bleeding
I don't have the slightest of chances without you
I can't win this fight on my own

Broken bones,
Their cheers so close
We're all they'll have*
We're all they'll know*
We'll raise our cups
We'll raise them high
We'll toast their death
And watch them die

Broken bones,
Their cheers so close
We're all they'll have*
We're all they'll know*
We'll raise our cups
We'll raise them high
We'll toast their death
And watch them die

Spamming your Guard*
They're here to erase me
How can I stand?
Outnumbered and bleeding
I don't have the slightest of chances without you

I can't win this fight on my own

Save me God
