

Fear Is The Enemy Of Love

Fairground Attraction

Fear is the enemy of love
So don't be scared, we could lose it all
I'm here and I'm planning to stay
So don't let fear drive love away

Sweet as a mother's song
In the still of the night
Oh, my love will be there
I'll be there, it's alright, it's alright

Time has a way of telling the truth
So be still, let time talk to you
See I, I can't make you believe
But I've never lied to you
I swear my heart is true

Sweet as a mother's song
In the still of the night
Oh, my love will be there
I'll be there, it's alright, it's alright

Fear is the enemy of love
So don't be scared, we could lose it all
I'm here and I'm planning to stay
So don't let fear drive love away

Sweet as a mother's song
In the still of the night
Oh, my love will be there
I'll be there, it's alright, it's alright

I said fear is the enemy of love
